- Week 04 -

Progress

We finished and presented frontend and backend prototypes and finished the contract document. Also, we implemented the customer's feedback on the use cases as well as the contract.

Problems

We couldn't sign the contract yet since there were some misunderstandings with the customer regarding the wording of the licenses.

Achievements

The customer was very pleased with the presented prototypes.

Team Members

All (together as team) We met with the customer and presented the prototypes (1h). We reviewed each other's frontend and backend prototypes (30 min).

Giuliano Rasper

1. Drafted parts of the UML-Diagram (2h).

2. Reviewed Timo's feedback on the contract-style document and the use cases and participated in a short meeting clarifying aspects of the feedback (30 min). Changed contract-style document and changed / removed some use cases based on Timo's feedback (30 min).

3. Refined the contract-style document whereas these changes cover language improvements, removal of redundant information, clarifications, shifting

and renaming certain parts of the document as well as additions, especially in the sections Performance, Technical Product Environment and Quality Requirements (4h).

Jessica Werner wrote her bachelor's thesis and looked at prototypes.
Stephan Ariesanu Also participated in point 3 of the progress mentioned by Giuliano.
Muhammad Kamran Created website prototype (Approx. 10hrs). Meeting with Timo (Approx. 30minutes) to clear concept about requirements. Besides, a normal meeting with group memebers (Approx. 30 minutes) about project and distribution of tasks.
Alexander Dincher Created Frontend-Prototype2 (5h). Meeting with group members about project and talked about UML diagrams (1h). Also participated partially in points 3 of the progress mentioned by Giuliano.
Simon Fedick Also participated in points 2 and 3 of the progress mentioned by Giuliano. Created the Admin UI prototype (8h).
